Sequence of Steps for ND Class VI Primacy-DRAFT Imm edits.docx

Kevin,

Okay. I may or may not be going. If you are not that definitely reduces my chances of going.

Lisa did a super bang up job of turning things around. I think Lucita is off today.

Attached are Lisa's comments so we should be 80%+ to final on these steps.

Thanks Craig this is great! I attempted to put tentative dates in my timetable or leave a place marker for those dates, so if or when these dates come along I will add them. As of right now it does not look like I will be going to the Region 8 meeting in Rapid City. That may change if significant progress is made on the primacy approval.

Kevin,

I have a tentative listing of the steps. I still have to vet it with HQ and Lucita, but I am attaching it now. It's **very draft**, but it is something. I will send it to L and L to have them look at it. Maybe by Tuesday of next week I can send you the official one.

I may be headed to SD for the all states. Are you definitely going?

Have a good weekend.

Craig,

Thanks for the update. Last time we talked you told me that you would put something together explaining the approval process/timeline. Did you ever do that?

I attempted to put together a timetable for my superiors here and if you had something similar it would help me with mine.

Thanks Craig

Kevin,

Quick update. Last week I gave a very brief and informal briefing to the RA. The FR notice is circulating for signature. It's already been through proofing and legal.
